

Appendix C

District OR 1 Enrollment Demographics

The graph illustrates the racial and ethnic characteristics of District OR1 for the 2014-2015 school year. This information was taken from the Nebraska Department of Education State of the Schools Report.

- In 2014-2015, ninety-one percent of the student population of District OR 1 Schools was White.
- In 2014-2015, four percent of the district's population identified with two or more races.
- Two percent of the district's population in 2014-2015 was African American, and 2% was Hispanic.
- There were no students in the district that identify as Hawaiian or other Pacific Islander or American Indian.

Demographics Data Display

This pie graph illustrates the racial and ethnic demographics in District OR 1 for the 2014-2015 school year. A Strategic Leader uses data to make informed decisions, but more importantly, a Community Political Leader promotes multicultural awareness, gender sensitivity, socio-economic, racial, and ethnic understanding in the school and community. As an effective leader, I must first understand the community he or she serves, and then serve its needs accordingly, ensuring students are learning to be culturally aware, empathetic, accepting, and understanding.
